## Doug the Digger at the Russell Christmas Parade

"Santa" caught being busy in Russell, Bay of Islands. We trust everyone had an enjoyable Christmas and looking forward to an exciting, prosperous and safe 2009.

The concept of the Doug the Digger newsletter is to produce and develop a valuable educational resource that relates to the industries that evolve around trucks and heavy machinery.

Also where and what **Doug the Digger** is up to around New Zealand.

Doug the Digger and his newsletter/resource aims to promote awareness of the numerous professional occupations that surround these industries. Further learning goals include promoting the value of school attendance together with learning and development skills in core curriculum areas.

Teachers, please feel free to print off or photocopy pages for students to use.

## INSPIRING WORDS OF WISDOM...

As a Duffy Books in Homes, Hero Role Model, Mr Mac recently visited Paparoa Range School, Dobson, West Coast, South Island.

Many thanks for all the inspiring words of wisdom from all the wonderful letters... Sorry we couldn't print all the comments.

I learnt that if people or your boss gives you instructions and say them really quickly, that you should ask them to repeat what they just said, but say it a bit slower.  
Amber

Thank you for telling us to listen in school or we will not get a good job. Thanks for telling us how you crushed your arm.  
Troy

I learned the reason why you have to go to school is to learn not play around and be stupid.  
Roy

I learnt that if you ditch school you will get low scores and I learnt that if you keep trying it will work.  
Nathan

Thank you for coming to our school to talk to us about your life. It was very kind of you to tell us about it and sharing your mistakes in life so we hopefully don't make them.  
Jorja

I liked how you told us to listen when you are in a job so you don't crush your arm.  
Joe

I thought your messages were very clear and easy to understand. Thank you for telling us to listen at a job and if you don't listen at school you might not be that smart.  
Eli

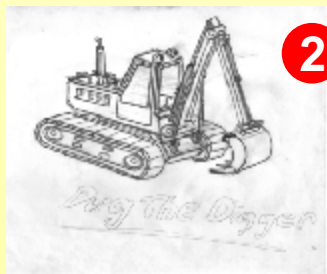

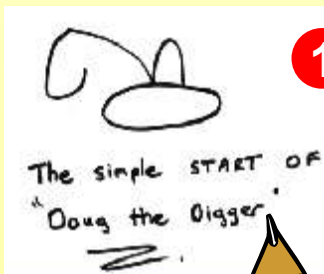

You told us not to wag school so we won't be dumb. You told us that we always need to look, learn and listen and do our work.  
Emma

Thank you for coming to our school and talking to us about wagging. I thank you for showing us how education can be so important.  
Israel

I learnt that you should always listen at school, and not to wag. You should always ask if you don't understand something.  
Harvey

Thank you for coming and talking to us about going to school and always ask if you don't know. You told us to do our work and listen to our teacher or we will not get a good job.  
Ezra

# GREASING THE TRUCK

Mechanic Steve Ferguson at Equipment Transport and Leasing (ETL), Hamilton, greasing Kerri-Ann.

## Grease is... What is it?

Grease is applied under pressure through a grease point to lubricate, (making parts slippery) to minimise friction of moving parts and makes the parts last longer, and a smoother ride.

# NORTHERN REGIONAL EXCAVATOR COMPETITION

The competition was held recently at the Whangarei A+P Show. Machine operators from around Northland participated in a general knowledge quiz relating to the industry. They also had to competently demonstrate a variety of machine handling skills. There are many regions throughout New Zealand and the winners of each region will compete in Fielding in March for the National Excavator Finals title.
